ANNUAL REPORT

OF THE

POLICE BUREAU

OF THE

CITY OF ROCHESTER, N. Y.

1930

COMPLIMENTS OF
ANDREW J. KAVANAUGH
Chief of Police
ROCHESTER, NEW YORK

1930

STEPHEN B. STORY	City Manager
ISAAC ADLER.....	Vice Mayor
GEORGE J. NIER (Jan. 1—June 1).....	Commissioner of Public Safety
DONALD A. DAILEY (June 1—Dec. 31)....	Commissioner of Public Safety
CURTIS W. BARKER	Director of Police
ANDREW J. KAVANAUGH	Chief of Police

January 1, 1931

Mr. Curtis W. Barker,
Director of Police.

Sir: I have the honor to submit, herewith, the annual report of the Police Bureau for the year ending December 31, 1930.

The statistics contained herein have been compiled by the Division of Statistics of the Bureau of Police and conform with the standards outlined by the Committee on Uniform Crime Records of the International Association of Chiefs of Police.

The form and contents of this report are believed to represent an accurate statement of the work of the Police Bureau. While it does not show all the work accomplished, it fully describes the essential facts, presenting them statistically and in a summarized form.

Comparison of major offences reported in 1930 with those of 1929 is as follows:

	1929	1930
Murder	3	4
Manslaughter	12	10
Felonious Assault	68	73
Robbery	43	55
Burglary	551	609
Auto Theft	592	499
Grand Larceny	94	81
Total	1363	1331
	(decrease of 32 or 2%)	

I am happy to be able to report that the recommendations made last year, with reference to the study of the Radio System, have been carried out. As a result of this study, a contract has been let to the Stromberg-Carlson Company for the installation of the equipment, which undoubtedly will be in operation by March 1, 1931.

A study of the teletype system has also been made and, as a result, thirty-six officers are studying stenography "on their own time." These men will graduate from this course in June, and would then be available to operate the System.

The following are recommendations which I submit for your consideration:—

That the Police Bureau be regraded so as to provide for twenty-seven desk sergeants who would be vested with the same authority as the regular police sergeants, and receive the same compensation. I am making this suggestion so that these men will be available when the Teletype System is installed. Tests in shorthand and typewriting should be included in the examination.

That a Women's Division be established at Police Headquarters; that two more Policewomen be appointed; that a female stenographer be appointed and assigned to this new division, and that matrons, now at Police Headquarters, as they retire, be replaced by policewomen so we may be able to make full use of their time. In this connection, I respectfully call your attention to the policewomen's report of last year. While it depicts only a part of the work accomplished by them, I am sure it will convince you of the necessity of the reorganization of this division.

That the rules and regulations governing the Police Bureau, which have been in force since 1922, be revised.

Considerable of my time, which possibly should be spent on the administration of Police Work is, of necessity, taken in attempting to solve some of the domestic relation problems. For that reason, I recommend that a study be made as to the advisability of establishing a Domestic Relations Court.

May I again recommend that twenty-five new members be appointed to the Police Bureau until the personnel reaches a quota of two per thousand of population, which is the minimum recommendation by the International Association of Chiefs of Police?

In conclusion, permit me to express my appreciation for your whole-hearted co-operation during the past year.

Respectfully yours,

ANDREW J. KAVANAUGH,
Chief of Police.

MURDERS

On January 2nd, 1930, Eleanor Infantino and her mother, Salvatrice, of 1200 North Goodman St. were shot and killed by unknown gunmen while alighting from their automobile in the driveway at the above address. Eleanor died instantly and the mother died on January 4th, 1930 in the hospital. After an investigation it was learned that the motive for this crime was apparently due to liquor connections involving the father—crime never solved.

On January 22nd, 1930, Charles Alessi of 796 Jay St., was shot and killed by Peter Fiorica at 346 Maple St. Upon investigation it was learned that the two men were not on friendly terms, that Alessia attempted to force entrance to Fiorica's home. Fiorica was arrested by Detectives George O'Hara and Emil Lambiase; indicted for Manslaughter; case later dismissed on motion of defendant's Attorney, on the ground that defendant acted in self defense.

On February 19th, 1930, Officer Michael Callahan, while patrolling his beat, found a door open at 155½ Main St. E.—a pool room conducted by one Isadore Rotenberg. Upon entering the room he found that the proprietor had been murdered. Thomas Lowden was later arrested by Detective Archie Sharpe in Syracuse, N. Y., and sentenced to 30 years imprisonment. The motive for this crime was robbery.

On September 25th, 1930, Giacoma Belviso of 490 Central Ave. was found dead in his speakeasy at the above address. A few days later one Luther Jones was arrested by Detective George O'Hara and sentenced to 25 years imprisonment. The motive for this crime was argument over liquor. Pleaded to manslaughter 1st degree.

THE POLICEWOMEN

The following is a brief resume of the services performed by the Policewomen during the year 1930.

Total number of persons interviewed at office.....	2,940
Total number of calls made relative to cases.....	826
Total number of complaints investigated.....	571
Total number of domestic complaints investigated.....	105
Total number of cases worked on involving court action.....	154
Total number of cases worked on—no court action.....	426
Total number of agencies co-operated with.....	61
Total number of cases referred to agencies.....	90
Total physical examinations referred.....	92
Total mental examinations referred.....	70
Total number of unmarried persons requiring aid.....	25
Total number of arrests.....	42
Total	5,402

A complete history of each case cannot be identified with this report as all investigations considered by this Bureau are confidential.

DIVISION OF IDENTIFICATION

The Division of Identification has charge of the measuring, photographing and finger-printing of prisoners. Copies of all records made are furnished the National and State Bureaus of Identification where wide use of the same is made by practically all police agencies of the country in determining previous records of persons who they may have arrested. The high degree of efficiency which this division has attained is due in a great measure to the research experts of the Eastman Kodak Company who have co-operated to the fullest by rendering their services with the use of the latest photographic equipment. Photographs and fingerprints of all taxicab drivers operating in the city are taken, and are on file in this section. This division also takes photographs of murder scenes as well as the scenes of serious accidents.

Prisoners Measured, Photographed and Finger printed	1,115
Photographs, and Finger prints furnished the National Bureau...	1,115
Photographs and Finger prints furnished the State Bureau	1,115
Photographs enlarged	412
Photographs copied	135
Prints made from copied photographs	676
Scenes of accidents and other views photographed	205
Prints made of scenes of accidents and other views	262
Photographhs and finger prints received from various depart- ments and institutions filed in bureau	838
Photographs of prisoners sent to various Cities for identification	452
Letters of inquiry and answers to letters of inquiries sent to various subjects	1,183
Telegrams sent out and answered	5
Photographs taken of taxicab drivers, prints made of same.....	1,156
Finger prints taken of prisoners detained in cell room, researches made	384
Finger prints filed	3,003
Finger prints filed, received from other Cities	726
Circulars received from other Cities	1,267
Identification of prisoners made locally	135
Identification of prisoners arrested elsewhere	28

LICENSE AND SANITATION DIVISIONS

These two bureaus are combined under one head. The License section has charge of enforcing the issuance of all licenses and permits issued by the Mayor and Commissioner of Public Safety, as well as investigating all complaints from various social agencies, Chamber of Commerce and Better Business Bureau with relation to licensed occupations of the city.

The Sanitary section cooperates and works in conjunction with the following: Smoke, Health Bureau, Corporation Counsel's Office, City Planning Bureau, Building Bureau and the Plumbing Board.

The License and Sanitation divisions have discarded the obsolete system of book records and have installed an up to date card index system, which enables it to record an accurate accounting of all licenses and complaints investigated. There is also in this office a card index record of all motor cab operators. The operators are interviewed and investigated before they receive their licenses to drive. This system became effective July, 1928.

The following is a statement of license and permits issued for various occupations; also complaints and investigations—with sanitary report for the year 1930.

Auctioneers	17
Animal and Fowl	928
Barber Licenses	942
Bowling Alley Keepers	39
